Home to a shower & good dinner, after which George & I went to Gayety to see Gentlemen Prefer Blondes & hear Swedish trainer. Then to Blackman's reception to meet Jane Addams.

Dr Jane, there, said Rowe last evening I was dead. Hurray!

Osbon said my 3 years chief control of F.T. (1921-27) gave best results of all - idealism, fine plays, good direction. Must see more. Osbon is usually very critical.

1928 August 11 Saturday

All day rushed at shop.

Business a little better.

Morris Anderson very un-sporty re Dark Haven.

1928 August 14 Tuesday

Long busy day.

Dined at K. Corrigan's with Shands.

Then to meeting of Theatre Guild at Mrs. Dawnes's to settle G. Bosys for next year. His propositions, after Committee turned down first one, must better, as he takes responsibility of getting the 500 subscribers.

Very interesting meeting.

Cold gloomy fog all day. Not one whole day of sun since late in May! (unless one of the Sundays we were down coast)

1928 August 15 Wednesday

Golden Boy to played after dinner asking me to come down & do Neille on Dark Haven as they were right not against it.

Went, and Neille's wasn't seem wasted an evening. Autumn want me to play David - he'll do Neille.

1928 August 16 Thursday

Found David was shorter than Neilla but
seems a better boat. Only Autumn was born
& play David x is not suited to Neilla at all.
However, he insisted on my playing David.

Rehearsal till 1 o'clock this night.

1928 August 17 Friday

Rehearsed till 12:00, but still think Anderson should play David

Also 8 to 12:30

1924 August 20 Monday

Rehearsed in afternoon with Jakuza

& all evening.

1928 August 21 Tuesday

Arkansas sent for me at 4 o'clock
& said he'd decided I play David
himself! Very rightly, but the decision
wouldn't have taken my mind's time.

To P.G. & on "The Crowd" (MGM),

1928 August 21 Tuesday

Studied hard on my part all forenoon, then did shop work, then back & study.

About 4 o'clock Cushman sent for me & told me he was going to play the part himself — as he should have in the first place — but it was a lousy deal & let me work a rehearsal till 12 or 1 a.m. for six days.

Drove alone to P. G. & saw The Crowd (MV) Very good.

1928 August 22 Wednesday

Woke up in night & boiled over at Anderson.
Not enough sleep & feel cranky.
Good dinner at home & read all evening.
Glad not to play the part, but disgusted
with Anderson's methods.

Found down acre of Pandora Park at $500.
Good buy, but we are too deep in the hole.

Stew is in love with a Spanish girl.
He's lost head & makes no secret of it. Well,
the first time is the strangest.

1928 August 23 Thursday

Feel well again.

Took Mary, C & Esther to G.O. & saw Dark Haven. Fine play, finely directed & acted all through.

Party after.

Awkward & perfect David Warwick, as I knew he would be – the swine.

Still foggy.
But I feel very well.
Mary & Ira back & Son Jr Canyon.

Worked in office all afternoon.

Dined at home with the kids.

T. Dickinson's in evening & then Scott (tenor) sing. La Paloma best I ever heard. All his Spanish songs fine. Other not so good.

1928 September 22 Saturday

Felt pretty well today.
Went with Seminck & see Monterey vs. Galileo football. Monterey lost, Galileo being much too heavy for them. Billie & Dick Cuby are stuffy little yell leaders.

Sent flowers up to Jadwiga & Sonia
Performance rather slow & not very good.
C down coast with party.

Then all night again except the ghastly

hemorrhoids.

1920 October 6 Saturday

Mr Gill of Chrysler agency tried all
a.m. to sell me the new light blue 75 roadster,
but hist'ss tricky. First, $700 for our 60.
Then $650. Then $450 cash + 200 left
as dep. on new Chrysler! Sure called it off.

With Sedenecks & Watsonville, thinking
it would relieve me & see a game. But I've
seldom passed so painful an afternoon. Suffered
intensely and of course didn't enjoy game.

## CARMEL XMAS FESTIVAL ON SUNDAY AFTERNOON

Plans for the proposed Christmas festival to be held in the Golden Bough theatre, Carmel, on Sunday afternoon are nearly completed. The program will begin at 3 p.m., and will include the singing of Christmas carols, and a series of tableaux and living pictures. The latter are being staged under the direction of Catherine Seideneck, who has made the lovely designs for costumes for them. The first tableau will be the Annunciation, the second the announcement to the Shepherds, and the third the Three Wise Men. In the fourth we will see the Madonna and Child, and the fifth is the Madonna and angels.

Under the direction of Mrs. Henry Dickinson, the musical program has been worked out to include not only the old familiar carols, but also music for the orchestra and other incidental music to accompany the tableaux.

The program will be open to the public.

1928 October 11 Thursday

Stan asked for his first hi-school party - & he gives day after tomorrow.

Wind increasing. First blow of ~~winter~~ autumn on the way.

Not much rain, but tired after worst night yet.

1928 November 17 Saturday

Sid took me in his car & Stork Irwin to the "big game" of the Peninsula — Monterey vs. Pacific Grove. But it was hardly a game. Never has P.G. been so outclassed. Score 52-0. Bill is an effective yell leader, but Monterey hardly needed encouragement.

I'm getting out this issue of the Carmelite to judge what Gene has to put up with!

1928 November 18 Sunday

Threw a few football passes with Bill. For his age & size he is remarkable. Of course I'm 44 & he's 16, & he's in train, but he throws a pass more than 2 as far as I can, & very true. He kicks well, & can pass from center with amazing speed, accuracy & for great distance. If he can get weight he should go out for football next year.

Worked at shop several hours.

Dear Denny's ultra-modern piano concert at Golden Bough in afternoon.

Hope & Kate Whitney - bless 'em! - are in council for a visit from Paris.

Tea at Dickinsons', home of Dear Denny.

C. still far from well. To final performance of "It Pays to Advertise"

1928 November 19 Monday

All day at shop & working on Carmelite
Summary. Even tho I gave Schindler an extra half
day on all deadlines, she is a little late with
most things. And she hands in as last hour
copy things she has clipped from mags! &
contributed articles as good next mo. as now!

Began coughing & feeling flu-ish before
noon. Ate no lunch. By 6 I was surely getting
it.

Organization comm. met to cut active
candidates from 63 to 35.

Then home to bed. No dinner.

Water — & mineral oil

Temperature 100 4/5

Nice warm weather

1928 November 20 Tuesday

The flu has hit me so hard I have to quit. Had Bill phone Jane to finish getting out the paper, & Flanner to have Watkins (V-P.) take charge of Guild meet tonight. But they thought better postpone meet.

Temperature 101⅖ in morning.

Finally had to take off my clothes & lie down. First time since 1908 when appendix out.

Eve temp 102⁻

No food. Only cool water, & mineral oil at night.

Schindler rang up & knowing I'd take the "Calendar" copy — at 10 a.m. Tuesday, with original dead-line already moved from 12:30 to 4:30 Monday! I offered her to Jane, but I hope he turns it down.

Sister, far from well yet but able to work, minister on making up the laundry in my place. Thermometer for C.

1928 November 21 Wednesday

Still very sick, but temp. down to 100° degrees in am. Feverish in afternoon & more again at night. no food.

C all day housecleaning & ironing. Ben & I to Monterey & get her hair waved & hennaed. She looks gorgeous.

She & C took dinner down at "mother's."

Hazel Watrous & Pauline Schindler up on their affairs.

C, recovering from her own flu, rather vicious. S still unable to comprehend that his small errors & disobediences are annoying to a sick mom.

Lovely warm weather.

1928 November 22 Thursday

Up late this morning and feel not so terribly sick, but a queer "gone" feeling as if no part of me was here & connected. Throat stuffed as before, but coughing with warm salt water helps much. Sub-normal temp = 97°
Very strange sensations.

Pauline Schindler up twice, trying her best to find some way out of her pupil's difficulties. But she can't get along with Jane, she can't change her peculiarities nor has she any money to pay people for putting up with them. Her methods are inveterately sloppy & she is doomed to go under.

Warm quiet autumn weather continues unchanged, so I can lie in a big chair in the living room with the doors wide open & rest.

Mary is very dear. Billie is too, but he's very trying because he makes so much noise & goes off with asking me if I want to say anything else.

Jane — always thinking of others — buys me a fine small chicken for tomorrow. And Mary got some fresh eggs from Seaside.

Fever in aft. & more at night

C to San Jose, thence to Berkeley for big game. She spent whole day preparing, & looked lovely in revamped ball dress. Slam took her to train & ignoring my command stayed over with Rosamond.

1928 November 23 Friday

No change in the great queer weakness of my body. My head is unusually clear. Detached from shop & personal contact I've done more clear good thinking than in many months & both for Guild & Press & Shop & Bldg.

Up rather late. Sub-normal temperature. Throat as before full of phlegm, which good gargling & warm salt water clears away.

Stan being hard & cold, I asked Mary for a cannon. But only got a bass bell.

Hazel Watrous phoned re Guild & P. Core.

Perry has an editorial urging everyone to support the Guild & suggesting it take over F.T. & stocking Jantic, of me as a fit leader! also 2 other articles re Guild!

Pauline Schindler phoned to see if I'd make any arrangement with Jane re ½ use of Press, but Jane says it's impossible. It wouldn't be if Schindler had any money, but why go on?

Read last of delicious Virgin Queen — so much like me, the hero hanks down from research & has rest. I find it very hard to hold the book up, tho; I'm so weak. But I have no pain whatever, which is a great thing to be thankful for. (later: first ½ of book is junk.)

A perfect movement — due to oranges & mineral oil. Painless, swift, complete, but not diarrhea style.

1928 November 24 Saturday

No change. Up before 10 sometime. An egg & toast & coffee not enjoyed. Not normal temperature.

Stan cleaned up around the house & then came to Frank's to hear radio of big game. He & Earl phoned me scores as made. Cal 7 - Stan 0. Then Cal 13-0 2nd half Cal 13 - Stan 7 Then 13-13 - game over! I wish Stan could have seen it instead of Sister - he'd get so much more from it.

Jack Flanner up for a while re Guild.
Did considerable work on Guild agenig, plans etc.

Ate pieces of 2 oranges for lunch & some cauliflower later in afternoon.

Mary back to ranch to see Ina, left chicken dinner nearly ready, planning to return & serve it at 7; but I phoned her not to come, having no desire to eat, & went to bed to try sleep. Not much good. Feverish & queer gone feeling.

Bad night.

1928 November 25 Sunday

No change in me. Up at 9, feeling very weak & thirst full of phlegm. Ate 2 poached & w.w. toast & coffee, as everyone insists & must eat. I wish it tasted better. Outside of a few bad colds & grippe, I've never cared less for food than I do now for days at a time.

Stair to Monterey to see Rosamond & later down coast with her & another girl - very gay in the roadster - & play tennis with Dick Cooley. Dear boy. ("What was that bell ringing?" he asked! "I was calling you, Dick!")

Cressy spent most of p.m. with me.

Weather perfect. Temperature slightly sub-normal still, in a.m.

Read Exam. & chasm. of c. big game. Must have been a great one to watch. 90,000 saw it!

About 2:30 suddenly began to get well. Klick!

Ate 3 small oranges - juice only - in afternoon.

Spinach, a little chicken with sauce on toast & some boiled onions for dinner.

Gene gave me a bottle phosphated port which helped me.

Meeting of Carmel Theater Guild at Gallery at 8. Elected 21 more active members, a large list of complimentary (dis-honorable!) members, an unlimited list of associates, & appointed com. to put through Xmas pantomime.

In bed & comfortable by 10.

1928 November 26 Monday

After first fair night's sleep for a week, I got up at 9:30 feeling somewhat better. Nice a quiet with C away & S in school. Ate 2 poached eggs, coffee & cream toast for breakfast, but nothing really tastes good yet.

I feel stronger — the ghastly weakness is gone — and I lie here in the big rocker in the sun on the front porch, rather happy. It's the first rest and first chance to idle & enjoy little things — such as fiction & white clouds & slow thoughts — in a long time.

Mary has been wonderful. Never was anyone so gentle & considerate & helpful, & this in spite of being very tired herself.

Lois' birthday. I sent her a large box of chocolate caramels.

The heavenly weather of the whole past week continues unchanged except a little cooler as the next storm gathers.

Ate some malted milk eggs & a waltime in early afternoon and a small piece of plain homemade cake which bothered me so I ate no dinner & went to bed.

1928 November 27 Tuesday

Sub-normal temperature lowest yet 96⁴

Feel queer. Sat out in sun on porch & rested & read.

Dickinsons came up & talked re Carmelita, & possib. of buying or leasing plant. Don ok'd it to me.

Gene up later with letter to Carmelita agreeing to get out 3 more issues if they pay up by Sat.

Down to shop for help on how to collect things about 3:30. Wrapped up warm & got a good sweat. Took a shower, felt better, ate a good dinner Mary fixed - 2 little lamb chops, - baked potato, spinach, carrots & a little roll & coffee.

Mary & Tom & Stan ate out.

I had eggs & toast & coffee for breakfast & 3 oranges for lunch.

Read new mags all evening by beautiful single log fire.

Stan has given up his afternoon gambols (row with Raymond?) and goes to ranch tomorrow. He's very subdued & gentle.

Schneider phoned, mad at me for letter.

I weigh 123 lbs with bag (black) on.

1928 November 28 Wednesday

Stan made fire & turned on bath room heater as usual last few days. Rose at 6 & fixed a breakfast of oatmeal & cream, boiled eggs, toast & coffee. Not much, & I feel heavy at stomach.

Stan to ranch about 8:30.

Considerable blood spotting from piles following morning bowel movement.

Warm lovely day, & back on porch to rest.

Schindler & Lincoln & Mrs Steffens up for carpet at Camelita. Watson Estate misunderstandings somewhat cleared up, but we must have our money, or at least a note for the amount due - about $900 - with interest till paid. Weather change about 4.

C invited to meet her at train, but it's too cold after dark for me to go out. Evening mail, a big parcel brought her over.

Mary & Joe moved back from Canyon Drive.

1928 November 29 Thursday

Rose late, but feel considerably better. Worked in office from noon to 4:30, though I shouldn't have.

Took shower & changed, & then & dinner at Blue Bird as Lois's guest with her & Nancy & C. Very good dinner. The turkey & cranberry & salad & vegs & soup & pie & cider were all good — and it's great to be able to enjoy food again. Having eaten no lunch we were ready to dinner & were home by 7 o'clock with long evening before us.

Read Flamingo Feather by Kirk Munroe. What a waste of good type & illustrations!

Ransom shot himself last night. Rather beastly thing to do, with his mother still living & just through the loss of her husband!

1928 November 30 Friday

Stan back from ranch.
Gal & Did & C to Monterey for eggs & meat.
abalone dinner. I am much better.
First day in shop since week ago Monday.
God knows the work has piled up!
C out with Sammy Simpson & later with Gal & Did.
I suppose they got very drunk, for at 2:11 the
car came up the drive & C screamed out
to Gal to put it in the garage. Evidently he
refused & she followed him shrieking
down the hill. Finally he came back &
put the car away. No more do they get
the car to use.
Speaking of cars, I had to tell Bill I'd likely
cancel the Ford 8 ordered for him as his
lessons were below par, & Spanish teacher
wrote complaint to me. Also we have no
money to pay for it; also no extra garage yet.
Maybe I will back up now.

1928 December 1 Saturday

Confabs with Mrs. Steffens, Watson, Schmidt, etc., re Carmelita, note for money due Press, etc.

Stanford beat Army (U.S. Mil. Acad) 26 - 0 in N.Y! Heard large chunks of it over radio from 11:30 to 2:00.

Rain drizzles in p.m. Stan mopped floor of Antique room & dried it out with elec. heater.

U.S.C. beat Notre Dame 27-7 in L.A. Heard last 1/2 over radio.

Checked up County taxes on all our property (except contracts) & mailed check for lot metal. $372+ Now commences Jeffers!

Fried chicken dinner prepared by C. She & Stan bet their food & leave me to eat slowly. I am nearly well but not strong.

Stan to some party with Rosamond, after a good day's work.

Young couple in shop asked lot of questions re J. Peet, who wrote books. Where did she live here, etc. I asked if they knew her, but they said no.

1928 December 2 Sunday

When I woke this morning, after a good sleep of 8 hours, it was gray outside, & a gentle rain was falling. Later the rain increased & except for brief intervals kept up all day and evening.

An excellent breakfast, which at last tastes good, and then the luxury - first time in years! - of reading all day by the hearth. Also I'm well enough to enjoy things. Slight pain of hemorrhoids.

C & Stan had dinner with Opal at the beach's, and I fixed myself a fine meal at 7, having eaten oranges for lunch. Cold fried chicken, a perfect baked potato, boiled carrots, avocado-lettuce salad, southern sweet potato, creamy milk now. toast, ginger-honey nuts, butter (lots of it!) & coffee.

Then I read all evening - an orgy!

Dry margaretta roots burning all day.

Things Remembered  No Dates

Denny & Watrous violent against Bell et al for not coming to their highbrow productions. Yet once they said: "Why, we'll never cared to go to the A & C.
